- Click & go system
- Ready to use in 30 seconds

#### **Compatibility guide**

- Compatible with all Saeco appliances, except Saeco Vienna
- See compatibility guide for details

**PHILIPS**

**Saeco**

sense and simplicity

# Specifications

## Packaging

- Quantity: 1 water filter cartridge

# Highlights

## Intensive coffee aroma

Water is a crucial ingredient of every espresso - so for optimum taste, it's always best to filter it professionally. That's why all Philips Saeco espresso machines can be optionally fitted with the innovative INTENZA+ water filter, which we co-developed with BRITA, the world's No. 1 in household water filters. Just set it to your location's hardness level, and its sophisticated technology does the rest. The result? Ideal water conditions for espresso with the most intense aroma.

## Aroma System

The settings can be adjusted to guarantee optimum aroma enhancement and to suit individual taste.

## Efficient brewing process

The water filter ensures a constant brewing temperature and consistent pressure during the brewing process, enhancing your espresso machine's performance.

## Reduces lime-scale

The INTENZA+ water filter helps protect your machine against the build-up of limescale from tap water, which affects the taste and aroma of your coffee.

## Longer lifetime

The water filter extends the lifespan of your espresso machine, ensuring you can enjoy the best-tasting coffee for longer.

## Click & go system

The water filter cartridge easily clicks into the water tank and is ready to use in less than 30 seconds.

## Compatibility guide
